**40-years of PCI (36-years in Poland), and 15-years of TAVI (10-years in Poland)**

**Moderator: Dariusz Dudek, Kurt Huber, David Moliterno**

**Panel: Eberhard Grube, Pascal Meier, Michał Zembala, Sigmund Silber, Ran Kornowski, Robert Gil, Paweł Buszman, Adam Witkowski, Jacek Legutko**

13.15-13.35

**David Moliterno**

40-years of PCI - a tribute to Andreas Gruntzig

13:35 - 14:15

**Opening live case: TAVI**

**Shaare Tzedek Jerusalem, Israel**

**Operator: Yaron Almagor**

14.15-14.30

**Panel discussion**

European and US perspective after 40-years of PCI and 15-years of TAVI – a glimpse to the future.

**Friday, December 8<sup>th</sup>, 2017, 9:00 – 18:45**

**Venue:**

International Conferencing and Entertainment (ICE)  
17 Marii Konopnickiej Street, Krakow, Poland

**GREY ROOM GROUND FLOOR**

**Live case transmissions from:**

University Hospital, Krakow, Poland  
American Heart of Poland, Bielsko-Biała, Poland  
Thoraxcenter, Rotterdam, The Netherlands

**9:00 - 11:00**

**Session 1**

**Optimal treatment of acute myocardial infarction in 2018 - part 1  
From diagnosis to secondary prevention**

**Moderators:** Dariusz Dudek, Sigmund Silber, David Moliterno, Kurt Huber

**Panel:** Robert Gil, Lucian Zarma, Stanisław Bartuś, , Stefan Grajek, Ota Hlinomaz, Imre Ungi, Jaan Eha, Tomasz Rakowski, Artur Dziewierz

**Critical appraisal of the 2017 ESC Guidelines on STEMI and Focused Update on DAPT**

**Tomasz Rakowski**

Prehospital phase of AMI treatment – logistics & early pharmacotherapy (10 min. + 2 min. of panel discussion)

**Kurt Huber**

In-hospital phase of AMI treatment – logistics, concomitant pharmacotherapy & PCI (10 min. + 2 min. of panel discussion)

**Mamas A. Mamas**

Technical tips and tricks and economic benefits of transradial percutaneous coronary intervention. (13 min. + 2 min. of panel discussion)

**Ota Hlinomaz**

Update on PRAGUE-18 Trial: ticagrelor versus prasugrel in primary PCI for STEMI. (10 min. + 2 min. of panel discussion)

**Live case 1 (TBD) (30 min.)**

University Hospital in Krakow  
Complex PCI in acute coronary syndrome  
Operators: Jacek Legutko, Michał Hawranek

**Live case 2 (TBD) (30 min.)**

University Hospital in Krakow  
Complex PCI in acute coronary syndrome  
Operators: Andrejs Erglis, Łukasz Rzeszutko

**Panel discussion**

Gaps in the evidence and unmet needs of percutaneous coronary interventions in AMI

11.00-11.15

**COFFEE BREAK**

11:15 - 13:45

**NFIC'2017 Featured lectures and live case presentations**

**Moderators:** Dariusz Dudek, Sigmund Silber, Kurt Huber

**Panel:** David Moliterno, Christoph Nienaber, Adam Witkowski, Marco Noc, Andrejs Erglis, Marcin Demkow, Goran Stankovic, Wojciech Wojakowski, Jacek Legutko

**Goran Stankovic**

Towards worldwide consensus on PCI for the Left Main stem and other bifurcation lesions.

**Joost Daemen**

Left ventricle assist device support in high-risk PCI (Protected PCI)

**Live case 3**

Thoraxcenter, Rotterdam  
Supported complex PCI  
Operators: TBD, TBD

**Live case 5**

American Heart of Poland, Bielsko-Biała  
TAVI  
Operators: Paweł Buszman, Wojciech Fil, Wojciech Domaradzki, Marcin Dębiński, Danuta Sorysz

**David Moliterno**

Should the improved results with NOACs compared to warfarin change LAA closure decisions?

**Live case 6**

American Heart of Poland, Bielsko-Biała  
LAAO  
Operators: Marek Grygier, Paweł Buszman, Bogdan Gorycki, Danuta Sorysz

**Christoph Nienaber**

New frontiers in percutaneous treatment of acute and chronic aortic dissection.

**Dariusz Dudek**

Role for bivalirudin during PCI procedures in 2018

13.45-14.15

**LUNCH BREAK**

14.15-15.45

**Innovations in intervention for heart failure and in coronary revascularization in 2017 – part 2**

**Moderators: Dariusz Dudek, Sigmund Silber, Grzegorz L. Kaluza**

Panel, Holger Thiele, Adam Witkowski, Oskar Kowalski, Bogusław Kapelak, Karol Wierzbicki, Wojciech Wąsek, Piotr Musiałek, Krzysztof Żmudka

**Adam Witkowski**

Is percutaneous renal denervation going to come back?

**Oskar Kowalski**

Percutaneous implantation of the leadless pacemaker in innovative cardiology care

**Grzegorz L. Kaluza**

New Wave of Minimally Invasive Solutions for Congestive Heart Failure.

**Karol Wierzbicki**

Surgical LVAD as a destination therapy for patients with end-stage heart failure.

**Sigmund Silber**

Usefulness of pharmacological stress tests with Regadenosone: Experience in over 4000 patients in a cardiology practice in Germany.

**Łukasz Rzeszutko**

Self-expandable stent platforms

**Leszek Bryniarski**

Algorithm for CTO treatment – novel approach

15.45-16.00

**COFFEE BREAK**
