CARDIOVASCULAR <u>RESEA</u>RCH FOUNDATION®

Accepted Assignments	
Date: Sun Oct 27	
Time: 3:22 PM - 4:4	46 PM
	Generation DES and Bioabsorbable Scaffolds
Section Title: Sessi	ion IV. Fully Bioresorbable Vascular Scaffolds (BRS) Part 1: ABSORB
tole: Digital Modera	ator
	st, 2nd Floor, Room 2007
ocation: The Mosc	one Center
]	
Date: Mon Oct 28 Time: 9:23 AM - 11	14 AM
	rug-Eluting Stent Summit: Appropriate Utilization of Current Generation Devices
	ion II. Emerging Data from the Major Stent Trials
ole: Discussant	
toom: Moscone We	st, 2nd Floor, Room 2007
ocation: The Mosc	one Center
1	
Date: Mon Oct 28	
Time: 6:00 PM - 8:0	
	ership Session: The Interventional Gap Between Europe and the United States: Devices
	any but Not the United States: p-c-i Live in Partnership with TCT
Role: Chair	st 2nd Floor Room 2012
coom: Moscone we	ist, 2nd Floor, Room 2012 Ione Center
] Data: Man Oct 28	
Date: Mon Oct 28 Fime: 6:00 PM - 6:1	10 DM
	ership Session: The Interventional Gap Between Europe and the United States: Devices
Section Title: Sessi .ecture Title: Settin	any but Not the United States: p-c-i Live in Partnership with TCT ion I. TAVR ng the Stage: FDA Approval vs. CE Mark
